"Sky Road" Three
Act Comedy

Sky Road," the first drama per-
formance at Rhodes since 1942, was
presented last Thursday and Friday
evening. The three-act play was
Miss Annie Cottler's first since she
came to Rhodes, having previously
taught at West Tech.

During the play, the cast chairman
said, "about one thousand tickets
were sold."

The setting was the Cleveland Air-
port in the stereotypical lounge. A
view of a runway and hangar could be
seen from a large window. A
switchboard that even bandleader added
reshaped and a control tower that kept flashing
on and off. All the boys in antagonistic Mr. Johnson should be given
credit for making the scenery.

Gary D. Chadwick wrote the plays made by Miss Marie Larson's home
economic classes.

What is a picnic without rain
and mud? No one knows this year be-
cause practically every picnic has been
tagged with "cloudbursts and light-
showers."

Some "extra large" plaid shirts, blue
jeans was from an unexpected drunk-
 ing in the extreme left after the trip of
a "move road," and a finery sit-
t August wool coat trimmed with mus-
lin and a hat and scarf, the only pieces of
clothing needed for a good time.

Of course there are some clumsy pay-
ients who insist on wearing shoes, but
since the ones they flap around in are
old and dirty we will forget their cele-
brity and allow them to enter our hobie
society.

The Queen and her attendants pre-

Personalities of Week:
Bond Sellers, Honor Society Inductee, and Actors in "Shy Roads"

Pat O’Donnell
Carroll Evans
The dramatic parts of Shy Roads are her favorite parts in the spring. She likes to build up her "Shy Roads" collection as a sort of personal challenge.

Gail Borden
The benefit of being a Bond Seller is that you can save money on your taxes. It's a great way to contribute to the war effort.

Henry Heimlich
A good way to end your day is by giving someone a big hug. It makes everyone feel better.

Teresa Mooney

Bureau of Conquests: To all you now B.L.C. initiates ( quoting a phrase) “Let the gym classes fall where they may.” Conclusion has it that the current batch of B.L.C. seniors really treasured the 10A informality, some say they "cleaned up." 

District Data: Seems “Alfredo” Lovel and followers are still running their best campaign—worry, kids. O.K., still in line with the petitioned with the hand-me-downs (perfectly legit.)! Another big bouquet to the queen and her attendants who did a swelloble job last Saturday. Mr. VanVoorhees: "But gov, Miss Thompson, my back-hand is as easy." 

Bureau of "What’s in for this summer"? Quite a few of the local athletes around the group who “signed up” after the Alamo assembly... a good many travelogue again opted for work with Uncle Sam (the post office)... a few, because it seemed an easy thing to do during the summer period to their tennis’ record before they go to work for Uncle Sam (not the post office). 

A big welcome to Lee Fredloek sticking in his gun (e) he’s the home-town “take your marks, get set, bang” man who made good. Coach Jacob is still wondering what happened to all the tennis enthusiasm... and who did YOG back for track queen?

Sports Scaps

Spirit and enthusiasm resided in the gymnasium Monday as the basketball day play with was High took place. All the girls participating put forth their best efforts and hopes to beat those hand-held West Highmen. Even though the games were played in the gymnasium of out-of-doors, the spectators watched with great pleasure.

The final outcome of these games made the ninth grade team victors and the upper grade team losers. Congratulations to the girls’ team. Mrs. Bosson, Audrey Barnhill, Lillian Tut- lmann, Dorothy Andreson, Rose Marie Klein, Carol Campbell, Bertrice Maker, Irene Martin, Marion Lawrence, and Rhoda Hamilton, who are members of the 9A team and also victors.

From Barnswell, Alice Chabler, Barbara Ward, Grace Thumisco, Claire Casey, Dorothy Heman, Rhona Andrich, Velma Steele, Doris Weiss, Mayda Ingelow and their sides make up the upper class team.

Every semester the horseback riding classes enter the home school. The best are Peter Sanger, Dorothy Schuman, Marion Kibler, Stu- ley Ellis, Ursula Kiner, and Kay Whittem are entering in the ninth class. Joan Shoven, Lillian Tutlmann, Joan Prude, and Mildred Spiewak are from the younger group. The cheer will be held on June 17 and 18 if the weather is fine.

“Glee Club" is a day for the track meet. Hope you all show up. The events will be: 10-yard dash, pursuit relay, standing broad jump, running high jump, and target throw.

Six Locals Bid for State Track Titles; Rangers Lead in District Qualifier Here

Despite the disheartening 44 to 43 loss in Lakewood, all is not gloom in the track world. Among the outcomes of the meet was to qualify boys for the State Meet at Columbus Friday, and in this respect the Rangers came through with six entries. Although Lakewood has ten, the six Rhodians entries, out of the field first place. The Rangers were tops in only one. An onlooker consolation for the Blue and White were two trophies: The George D. Curnell Mill Relay Trophy and the running high jump. In the running high jump, Rhodi- wood’s only statute came for the team championship.

This year’s meet proved a host for thrill; the first was Hack Eybo’s 26.81 effort in the 220, his last try which defeated Kirt Rockey by one-half of an inch. The second was finish of Lake- wood’s Mills over Rhodos’ Gates did not seem important at the time, but had the column the other way, Rhodos would have won by 2½ makers. Pat

Tennis Team, Where?

Some one must have come to the conclusion that Rhodians was beating a tennis team. The Rhodians-Grayville match scheduled for Monday, May 27, and again at the Rhoden and the Collierville tennis court were not to meet there on May 15. Thus far only six boys have reported for tryouts. Coach Jacob hopes the final tryout will be more successful than that of last year. It was stated that Rhodos lost each of its three matches against St. Ignatius, East Tech, and Glendale Park, and that Coach Jacob somewhat hoped that this year’s team would be a little better. There appears but one answer to Coach Jacob’s problem—more players.

Football Scoring the Highest Points as Lawyers Down Rams, 62-61

As Tom Weber, Marshall pole vaulted, walked back to the end of the runway a husk came over the huge crowd which had assembled to see the final event of the Marshall track meet. But, But, Foster, state vault man, was an almost certain first. That meant the Rams must have at least a tie for second win. Tuewson, who was the only remaining Blue and White hope, missed his third attempts while Weber still had one left. The Marshall men, rated down the runway, swung into the air and with a great surge cleared the bar at 11'2" to give Marshall and utensil (50-51) victory over Rhodos. Just three weeks before this Meet the Marshall men had nine vines to six for the Rams, but the Blue and White scored nine and six ones compared to five and four for their opponents.

Rhodes' first tally came in the 130-yard hurdle bottoms, as Dick Sexton broke the tape in 16.5 seconds. The lawyer then took first in the mile run and the 100-yard dash with Wally Gates and George Selphs each taking a second in their respective specialties. A faulty pass gave Marshall the 440 relay and Slaters hard luck.

Freshmen Takeout, Take the Freshmen Takeout, Take the Freshmen Takeout, Take the Freshmen Takeout, Take the Freshmen Takeout, Take the Freshmen Takeout, Take the Freshmen Takeout, Take the Freshmen Takeout, Take the Freshmen Takeout, Take the Freshmen Takeout. The freshmen team trumped over the Marshall team, 49 to 27. Leading scorer for the Rams was George McColl in the 100 and 220, Dick Mar- ian and Steve Maloney who tied for first in the broad jump and pole vault, and Chuck Locardi who won the shot put and tied for first in the high jump. Other freshmen winners were Jim Scheer in the 440 and Ed Carter who also tied for first in the pole vault.

Queen Introduced, Emery Speaks

A short program to honor the newly chosen queen took place at the recent Saturday’s District Qualifier was held Friday, May 18. Speaker in the program was introduced by the Rev. Bob Cummings.

The new queen, former track coach of Lincoln and official starter for Cleveland’s outstanding track men, successfully completed a series of tracks and discussed the Rhodians team and women’s track.

The second portion of the program was allotted to Miss Gene Thompson who directed the track queen and her five attendants.

"Rained In" Female Ball Game Offers Slugs Clad "Sluggers"

"Batter up!" Four pitched balls, the strike zone is open. A hit. Eighteen shrill screams are heard. A sweet young thing, clothed in dark dress, sharply placed short and a white T-shirt that would even Mr. Bum to shame, her expert celebration around the gym’s paint-marked bases.

You guessed it. We’re in the midst of a girls’ baseball game that got “rained-in.” Getting upon those club-wielding mañana, one found mindful of the American game.”

On goes the game, more strikes, more screams, more fumbled pitches. What strange folly is this—the girls’ baseball game that ignores the frail plattereting the cloth-bound sphere far beyond the limits of pitch- ers’ palms and umpires’ browned bases’ arms.

Goddess she is before us. A princess of the plate (the dinner plate). Undoubtedly a recreation of the mighty Greek. All eyes are intent, players are tense, alert, all awaiting the resounding crack of her bat and the power she has brought to the wobbling shoulders of Charlie Privette, the Portrait Kid from Highland, the "crack" does not come. A close game. Neatly timed, even sparked. This newcomer makes his way, spikes in hand, through the bevy of diamond lovers — CANDY.

"Oi, you man, you..." rights a left.

And a rabid collector of football heroes rolls, "Play ball!"

School Boasts One of City’s Largest and Finest Libraries

Do you know that Rhodes has one of the largest school libraries in the city? The total number of books exceeds 9,000, including magazines and periodicals. From 400 to 500 students visit the library daily. Miss Stobbs is head librarian; Mrs. Parmenter, assistant; Miss Bonah choliner, and there are also five volunteer helpers.

One of the most interesting features of the library is a rack of approximately 35 books devoted to a single subject. These books are changed every three weeks. The present rack contains books on the Pacific. Another feature is four conference rooms containing material on various subjects including science, English, and history. A conference room is not used for the use of teachers.

12B’s Romp
At Met Park Despite Rain

"Rain can't stop the 12B's from having fun," joyfully exclaimed Nell Richard. "I'd be a person," added Lewis, a victim of circumstances, "nothing can stop the seniors, I just loved being thrown in the creek!"

Yes, you guessed it, The 12B's had their class picnic despite the fact the weatherwoman predicted a nasty sticky mass of the class jokers were playing near the creek.

Getting their feet wet, playing baseball in mud, falling off swings, riding horses only because the strong enough to rent a horse were all the fun of the place. Yes, beautiy. A few of our athletic members played tennis and climbed trees.

Pup, roasted winners, with relish or mustard, egg-cakes, potato chips, and cheese were enjoyed by all for only twenty-five cents and two red points.

Teachers Hold Picnics
The Cleveland School Matters Club in cooperation with the Industrial Arts Club will have its annual barbecue picnic, May 26, at Brecksville Metropolitan Park. The School Matters is an organization comprised of four teachers, while the Industrial Arts Club is made up of shop teachers. A golf tournament, games, and races will be among some of the activities. The day's meal will be prepared by principals and club members including George E. Schoonover, treasurer.
