Cultivations of Thanksgiving Traceable Through the Ages

The idea for a Thanksgiving day was not entirely the brainstorm of one Governor Bradford in 1621, as some people believe. Thanksgiving observance in its present form is distinctly American, its origin may be traced back to a series of harvest feasts that dated as far back as the sixteenth century. Thanksgiving was observed in the American colonies in the forms of harvest feasts, dedications to God and national celebrations of the year.

The English celebrated Thanksgiving in addition to the fixed autumn festival which were proclaimed in England on special occasions such as the defeat of the Spanish Armada, the recovery of George Eliot from his fit of insanity. In fact these days of thanksgiving were numerous and ridiculous that Edward VI finally decreed it lawful to work on these holy days that come in time of harvest. Even in the days of Cromwell, England observed over 100 feast days a year.

The ancient Greeks celebrated the harvest by the Feast of Demeter, a goddess of harvest and fertility of agriculture. However only the married women were in the celebration. The Romans also celebrated in honor of Ceres.

Choose Bereit 49 Dedicatede

Chosen as dedicatee for the yearbook of the January, 1949, graduating class in Bereit, industrial arts instructor, is the senior homemaker's son in the class from the ninth grade through the eleventh. Patience, consecration and quietness of spirit are the reasons we picked Mr. Bereit,” remarked Ken Stafford, chairman of the committee.

Mr. Bereit is a graduate of Westervelt, Akron, and Ohio State University as well as receiving his Bachelor and Masters degrees before coming to Rhodes, he taught woodwork and metal at Audubon Jr. High School for ten years from 1922 to 1932. When the doors of James Ford Rhodes were opened seventeen years ago, he became a member of the faculty.

He was an instructor at the Tool and Gages Automobile Mfg. Co, until 1921, when he decided to make his talents to his teaching and current duties.

Mr. Bereit has been teaching in the Cleveland area for twenty years, and hopes to continue for many more years.

Lois Mizanty is Rhodes' Choice A Charity Game, November 2

South High and Benedictine will play for the eighteenth annual Plain Dealer Charity Football Game on Saturday. The proceeds from this annual event will be awarded a trophy. District stars will also compete for titles in passing and kicking.

Representing Rhodes in the pa- quest of queens this year will be Lois Mizanty. During the parade each girl will wear a Crown and each receive an attractive pin in the shape of wings.

Play House Has Popular Comedy

Of special interest to students will be the Play House production of "Life with Father," by the Lindsay and Crouse and "Crown of Clarence Day's popular comedy. It will open in the Play House on Thursday, November 30.

The story of southern family life is carried on the stage of the Dairy Theatre with with the cast of "Life with Father" being well received, and "Crown of Clarence Day's popular comedy. It will open in the Play House on Thursday, November 30.

The town of southern family life is burdened on the stage of the Dairy Theatre with "Life with Father" being well received, and "Crown of Clarence Day's popular comedy. It will open in the Play House on Thursday, November 30.

Citing Reactions of N. H. S. Inductees

By Lois

Being a butcher isn't exactly my dream of the future," he confided. "I would have been goaded by the engineering in the field for me.

"On my graduation from my home town and girls with petite bon bon models will still wear his pot peas," declared Allan with a mischievous grin. According to Allen his most embarrassing moment occurred when he dropped a bottle of milk in the lunchroom and had to mop it up all by himself.

Laurel Holan

"I was excited, but I think my mother was even more excited," declares this full blooded 13th Laurel Holan modestly said she was "announced" when June 26th but those who were acquainted with her were not surprised. This senior is a member of the Girls' Leaders Club, Senior Y. T., Y. T. cabinet, Br. Duet, and writes for the Rhodod Review. Laurel is employed in a daily newspaper office and includes college in her future plans.

Emil Messing

"Surprised" upon hearing his name selected over the P. A. at the honor assembly, Emil Messing replied that he had no knowledge of the other nominees. He said that it was "unprecedented." After graduation Emil plans to attend a small university such as Miami, where he wants to study dentistry. At one time he wanted to become a minister, but one year ago, his mind was changed.

Other clubs that boast of Emil's membership are the Sigma Chi, Phi Beta Kappa, and the German Club.

Nan Kornahan

"Her Honor Society is more of a dream than a reality. Something I've been almost afraid to admit existed. Oh no, I don't quote me laughed Nan. I'm not a member of the Honor Society, but I consider it part of my education. I just attended and I felt I should show mysympathy by standing up and not to miss just how steady the auditorium side was until I started to walk down the hall. It's like a drill I practically walked all the way down. I hope I didn't seem too anxious but, confidentially, I was.

Alfred Vaughn

"I don't know what a perfect blank my mind is at this moment, he never has considered me as a National Honor Society member, confided Al Vaughn, 'Do you actually expect me to make any sense? If you realized how long the auditorium side was until I started my journey toward the stages, it all made sense."

An AAA All-American girls membership record of the Latin Club, Nature Club, Work and Win Club and he's a "Future" FDO Teachers Association member. After graduation from high school Al hopes to enter College where he would like to study chemistry.

Cross-Rhodes

Cleveland South High has won the West Senior football championship. On to the Charity Game and--

Congratulations

More over Rhodes-Garfield High students are hoping for their team this year.

It took more hours than it finally 

The West Senior football team won the first meeting this year.

What both God and everyone were for the first time in the last of the Senior League.

The boy's team is in the second place in the Cycling competition for their own club.

The boys are probably dealing with the door in their attempts to enter the dance of March. Some of the farm boys are constantly dreaming of the springtime transfer.

With $20,000 worth of equipment, East Soccer is the new team this year. East Soccer is one of the top schools in the Felt and Tarrant. MFG. A. E. T. Hoss District Manager Competition Department.

Rams Close Season With 4 Ties And 5 Defeats

A story of the 1948 edition of the Rhode football squad was that the season wasn’t as bad as it looked.

Although victories the Rams were never completely beaten. One hard running tailback would certainly have made the difference in everyone of the four ties.

Only 45 points were pushed across the goal line by the absolute holeowers of the attack. In only one Rams game, the West Tech contest, did the Visitor put any more than 100 yards more yards added to the offensive.

Rams lost 16 of 16 points.

7 of these ties were scored after the departement from the Church Jones who proved to be the best around Rams players.

Rams defeated efforts of finding and powerful kicking was inspiring to the home team cause.

This victory was to literally knock the ball he showed a fast hard running style.

The former 29 Rhodes

The Rams met the best in Greator or Cleveland in the opening engage-

ment of the season and were com-
pletely overpowered by the Rams.

Shining in all points the victory goal was never endangered by the home hope.

Holy Name 6 Rhodes 0

A good running back on a touchdown was the only score of the game. The defense was not as good as Joe Wadzicki the former fullback scored from 16 yards in the final period.

West Tech 13 Rhodes 0

Ralph Keese made two of the six touchdowns from the 1-yard line proved too much for the im-
portant Rahm at Rosary.

Lincoln 7 Rams 5

This was undoubtedly the Rams best game as they showed off and clicked one of the best rushing games in the east.

The final score was 5.

Rams Open At Collinwood Tonight

Locals Hold For 45 Minutes

Flyers Score 13 In Last Three

Nee 12: John Adams Field. Today on a cold windy field the Rams brought to a close the 1948 football season. For 45 minutes they proved themselves to be the team that would be the last in the Charity Game.

In the remaining three months white rose for thirteen

for over the second stanza opened a twenty yard pass from Gehrke

and Polonzo to pick the pic the pick in the Southern area possession on the 11-yard line, the Locals held back the ball.

Four races are on tap this year, two with Lincoln, two with Marshall, and the Sigma class.

\]

The grunts and groans, under the direction of coach O. J. Gehrke are learning the fundamentals of tackling with weights and barbells.

The call to the grunts brought out 55 players out for the sport and those, coach Gehrke will pick them all up.

This year as in the past the squad will not be picked at the beginning, but will be put on a competitive basis all season. There will be "weelwell" off hours two days before every match and the match that busts out everybody in his weight in on the team that week.

Ralph Rolston will be as manager and he'll be down on the opera picking up the many burns and bruises the gandnt goet at their daily practices.

This year's opening match is with Benedictine and the Locals are expected to take the ceremonial championship.

Dick Haymes Interviewed By Hi-News Correspondents

A big grin and a baritone voice are the trademarks of Dick Haymes, the young, promising singer-actor-crooner who makes his debut in Hollywood features this summer. This discovery is made by forty-three Hi-News Correspondents who crowd into a backroom of the Palace Theater for their first interview of the semester.

Born in South America and brought up in Santa Barbara, California, Dick held jobs with Harry James and Tommy Dorsey before he was discovered by the Bob des Moinicq, Dick's rise to stardom is a steady one in such movies as "Diamond in der USSR" and "Irish Eyes Are Smiling," and his theme song is "Self-Paint." He is currently starring in "One Touch of Venus." 

"There's a wonderful kind ofIncreased interest in music," is the opinion of Singer Haymes. His advice to prospective movie actors and actresses is "Work hard, concentrate on more than one field of acting, and a musical background is very important. Although some people can't write a song because of their phonetics, Dick answered that just the fact that they are actors makes them much different and therefore they feel much unusual lives.

During the war the habit ofearring clothes apart was at its height. Dick was no exception and when it did happen it really startled him. The teenager of today is a great improvement over the teenagers boom. His pet parent is the woman who comes up to him when he is autobiographing, and says, "Don't you ever get writer's ink disease?" Although he was reluctant to admit it, he finally revealed the fact that his lowest grade at school was a D. 

"Let's go around from the women's" is the plan made by six year old Slipper Holmes. Dick obligingly promised him a camping trip away from all females—

Poll Shows Puppets Like Noon Zombies

Continued from page 1

For 52 weeks in a row, lucky boys can ask girls for a dance or for a date. Just like that whatever he feels like it. But meanwhile what do the poor girls do? Plan and trick and use all their cunning to get the right fellow. Yes indeed its a sad story, but she has one consolation. Stefie Havelin, week, more commonly referred to as swamp twine, Rhode High observed this solemn occasion bravely, by burning the Canteen bower over to the girls and letting them extend the dance invita- tions to the boys while the band's music was playing and their hooks lured by becoming a Canteen bower.

In addition to commemoration Stefie Havelin's and her race for the Dog-patch, the V-Fives sponsored the Dogpatch Dance on Friday, November 19 in the Rhodes gym. The girls were requested to do the paying by their dates and also to pick dancing partners. During the inter- mission Miss Nett, girl gym teacher, of several years ago, directed the square dancing for those poor souls who had never had an opportunity to square dance before.

The rest of the dance followed the same pattern as usual with slow dancing, polka, and a few fast numbers furnished by Bill Woodrings band.

We were all surprised when we heard the announcement to gather on the third floor and see the team send-off for the South game—but no one was as startled as the girls in the gym class when they heard that the correct procedures during the lunch periods. These rules are:

1. Take all dishes, bottles, and trays back.
2. Remain in the cafeteria until the bell rings.
3. Stay on the second floor corridor on the way to the movies.
4. If you must, go down the center stairway to the office, 5. Do not eat in the halls.
6. Do not eat in the movies.
7. Finish your lunch in the lunchroom.
8. Be quiet in the halls on the way to the movies.
9. Throw all waste paper in containers.
10. Stay off the first and third floors during the lunch periods.
11. Do not go to the lockers during lunch period.

P. A. Announcers
Rotate in Shifts

Another important group, one which we hear but do not see, is the radio production class. Fourteen of these students were chosen to make announcements over the P. A. system during homecoming period.

They work in four groups rotating each week. In the first group are Normie Beck, Warren Swaney and Mary Ann West, Leana Moon, Betty Lou Sedlovsky, and Robert Felix. The second group which was announced last week.

The announcers this week are Denny Brown, Jerry Barth, and Phillip Piatnis. In the last group are Laurel Fonellung, Jean Drake, Ardene Derschau, and Myron Neumark. Alan Zagrav takes care of most of the athletic events.

See you at the Charity Game.

Yes, It's Fun To Live In America!

Take your Automobilize, for instance, maybe it's a jeepette and maybe it's a 47 model, but it gets your there—ball games, picnics, country fairs, anywhere you want to go. Now here's an interesting fact: you could lend every person in the United States down there, in the United States, and you would have only five people in each car. Other countries are not as fortunate as we who live in America. Let's make some comparisones.

Number of People Per Car

United States—5 per car
Great Britain—31 per car

And think of the TELEPHONE! Old Alexander Graham Bell probably never dreamed that man and all the kids would be talking twice a day, as Aunt Nettie does in Passum Holley—five rugs and ask the preacher over for Sunday dinner—chicken dinners too. But it's fun to live in America, because there's no other country where there is one telephone to every five people. Here's the picture:

Telephones Per 100 Population

United States—20
Great Britain—12

RAIBOW! We go to bed by them and we even get up by them. Turn on all the radios in the United States—and there would need to be only 3200 and ONE-HALF persons at each radio in order for all to listen. Think of it—we have 500 of us with TWO people listening in Hope County. Remember Claghorn at the same time. Now let's see how fortunate we are—

Number of Persons to Each Radio

United States—25
Great Britain—7

Russia—45

GRIPE?
The Army had another word for it and we do aplenty, but that's sure proof that we have complete freedom and can "speak our piece" any- where we please.

As a matter of fact, we're ambitious folk and we probably will never be completely satisfied, not until Mom, Pop, and all the kids have a radio with television thrown in. Then Pop won't have to listen to Dick Tracy and in the middle of the night.
