United Appeal Drive 'Blasts' Off Here, Top Goal of \$2200 Is School's Aim

By PAT KORINCHAK

"United Appeal Space Race to Earth," is the theme of Rhodes' United Appeal campaign, launched at this morning's double assembly.

With an early first collection to be taken tomorrow, Rhodians are out to top their 1965 rec-

Miss Marie Lanese, Home Economics Department Head, will head the campaign here for the sixth consecutive year.

"Nothing would please me more than to have Rhodes students continue in their enthusiastic and generous ways and top last year's outstanding record," states Miss Lanese.

IN THE UNITED STATES and Vietnam—the growing obligation to help is creating a serious drain on dollars available to agencies that

ord of \$2,169, an average of almost \$1.45 per student. The Greater Cleveland area campaign begins next Monday and will end October 27.

Student speakers, Craig Mueller, 12A, and Eileen Tuma, 12B, helped kick-off the assembly as they spoke of the importance of the campaign and how it benefits everyone.

want to help. For this reason United Appeal leaders in Cleveland have set a goal of \$15,500,000 for this fall's campaign.

Each homeroom will have a capsule in outer space. The capsule, blasting through space trying to reach earth, is to represent the percentage of student participation.

This year's goal is again \$1.00 per student, but a top goal of \$1.50 per student is hoped to be reached. This means that this year's over-all goal

for Rhodes is \$2,200.

THE COMMUNITY goal of \$15,500,000 seeks an increase of \$550,000 over the amount contributed last year. Of this amount, Rhodians contributed \$2,169 with the girls beating the boys of an average of \$1.62 to \$1.19.

Sixty per cent of United Appeal funds are distributed to agencies that serve children, young people and senior citizens—the fastest growing segments of our population.

JAMES FOR RHODES HIGH SCHOOL, CLEVELAND, OHIO

Oct. 13, 1966

Mrs. Stuart Presented Coveted Jennings Title

By MARY CHARVAT

Mrs. Marguerite Stuart, English teacher, is a recipient of the 1966 Martha Holden Jennings Foundation Scholarship.

Each year outstanding teachers are chosen from the Greater Cleveland Area by the Martha Holden Jennings Foundation and are awarded the privilege of attending a series of lectures.

"I FEEL deeply honored and very privileged to be a recipient of the awards," states Mrs. Stuart.

The lecture program, in operation for the past three years, is financed by a grant from the Jennings Foundation and is administered by the

Educational Research Center.

Mr. John Holt, the author of *How Children Fail*, gave the first lecture on October 1. He will be followed by other eminent speakers.

"HE IS A very forceful and dynamic person and is an outstanding man in his field," explains Mrs. Stuart.

The series of twelve lectures are held on Saturdays. They are scheduled through April 14.

Crowning of Queen To Highlight Dance

Presentation of the 1966 Homecoming Queen and her attendants will take place during half-time of the Rhodes-Ignatius game, October 22, at 2 p.m. The queen and her court will have been elected by the student body on the day before.

Crowning of the queen that night will highlight the dance to be held in the Rhodes ballroom.

"This semi-formal dance will be held from 8-11 p.m.," announces Brenda Campbell, Student Council president, "and refreshments will be served."

As one of her first official duties, Miss Sonia Sasarak, newly appointed Student Council advisor, will be assisting in the preparations of Homecoming.

Open House Scheduled for Oct. 26, Parents to Follow Student's Program

By MARY ANN SROKA

All parents are invited to attend James Ford Rhodes Annual Open House on Wednesday evening, October 26.

"This Open House," states Mr. Stillinger, principal, "is the type where the entire evening will be spent in helping the parents visualize or understand what we're trying to accomplish in the classroom."

Parents will go to the classes on their son's or daughter's daytime schedule including homeroom and lunch in the cafeteria.

THE SCHEDULE will consist of nine periods. Each period will last ten minutes plus five minutes between each to exchange classes. During free periods or study halls, parents will be permitted to visit the different parts of the building, such as the guidance offices, the library, or the dispensary.

"This kind of program," comments Mr. Stillinger, "will enable the teacher to explain the content of the course, classroom procedure, and the objective of that particular class."

ONE DISADVANTAGE of this program will be the length of time. Parents who wish to discuss a specific item with a teacher are asked to make an appointment with the teacher at some time other than Open House.

Students will supply their parents with schedules made during homeroom. Neither the beginning time nor

the club that will usher has been decided yet.

All parents are invited to attend and will receive further notice in the mail.

School Play Needs Live Goat for Prop

To add to the realism of the school play "The Tea House of the August Moon," a real live goat is needed.

The comedy will be staged under the direction of Miss Rita Doherty, dramatics teacher, on December 2 and 3. Anyone who has a live goat in his basement, garage, or backyard should please contact Miss Doherty.

Tryouts were held in the auditorium after school last Monday, Tuesday, and Wednesday. They were open to all Rhodes students.

Students who take part in the play will not be required to be present every afternoon for rehearsal. Each pupil will be given a list of the dates on which his presence will be needed.

Klich, Roesemann Receive Recognition As Merit Scholarship Semi-Finalists

Semi-Finalists in the 1966-67 National Merit Scholarship competition were seniors Larry Klich and Eric Roesemann, deceased.

Receiving letters of commendation for their work were seniors, Larry Boyd, Bryan Czarnota, Bob Ferrell, Jim Gallagher, Carl Miller and the only girl, Janice McKimmie.

The qualifying test was administered last spring in 17,500 schools nationwide. More than 14,000 semi-finalists were appointed. The semi-finalists can advance to finalist status by receiving endorsement of their schools, substantiating

their qualifying test performance on a second exam, and submitting information about their achievements and interests. All Merit Scholars for 1967 will then be selected from the finalist group.

"I am honored by the recognition," states semi-finalist, Klich, "but I only wish Eric were here to share it with me."

Scholar-In-Residence, Clayton Krehbiel To Become Cleveland Chorus Director

By RAE AROSON

Scholar-In-Residence Mr. Clayton Krehbiel will come to Rhodes next Wednesday and November 9 to work with the Senior Choir. He will be a judge at the Choir Festival at Lincoln High and John F. Kennedy High, where he will conduct the mass choirs in three songs.

When Robert Shaw, the Cleveland Orchestra Chorus director, leaves in 1967 to direct the Atlanta Symphony Orchestra, Mr. Krehbiel will be the new director in Cleveland. Mr. Krehbiel comes from the University of Kansas, where he was a full professor of music.

Under his inspiration, the University of Kansas organized a freshman

chorus, a sophomore chorus, a junior chorus, and a senior chorus. The University Chorus had a total of 450 members.

Before he returned to the University of Kansas as a faculty member, Mr. Krehbiel sang with the Robert Shaw Chorale and was assistant conductor. More recently he appeared as a tenor soloist on their trips to Russia and South America.

Coming Events

- Oct. 15 — Rhodes vs. Lincoln 7:30 p.m.
- Oct. 17 — United Appeal drive opens
- Oct. 19 — Scholar-in-Residence
- Oct. 20 — P.T.A. Meeting — 1:30 p.m.
- Oct. 21 — End of first marking period
- Oct. 22 — Rhodes vs. Ignatius 2 p.m.
- Oct. 26 — Open house
- Oct. 28 — Rhodes vs. West 7:30 p.m.

Lawrence Klich Attends Atom Youth Conference

Representing Rhodes at the 1966 National Youth Conference on the Atom in Chicago later this month will be Lawrence Klich, 12B.

Selections were made according to students' interest and ability in science and scholastic achievement, according to the Illuminating Company.
