Student Musicians to Record Album, Will Also Compete in Musical Contest

By JUNE GUZIK

Rhodes Band and Orchestra will record an album next Wednesday and members of the Instrumental Department will also participate in a Solo and Ensemble contest to be held April 7 and 8, according to Mr. Robert Bendall, band director.

Taping of the record will take place from 4 to 9 p.m. in the school auditorium. The orchestra will tape from 4 to 6 p.m. while the band will record from 6 to 9 p.m.

SOUTH PACIFIC and **FIDDLER ON THE ROOF** are two of the selections highlighting the album. A bassoon concerto, played by Joyce Duffala, 12A, will also be featured.

"The album is mainly made for the benefit of the band and orchestra," states Mr. Bendall. "This way they will have something to look back on in twenty years."

ALL BAND AND orchestra members, as well as interested Rhodians, may purchase a copy. The cost is \$4.

D.E.C.A. Contest Winners Compete in Columbus

Winners from Rhodes in the Distributive Educational Contest, were Paul Towarnick, 12A, for business math, Doris Chrobak, 12A, for sales demonstration, and Bonnie Gilliam, 12A, DECA Sweetheart. They went on to Columbus Saturday to compete on a statewide basis.

THE CLEVELAND District Leadership Conference took place at the Higbee Company on February 17.

"The purpose of this contest is to enable schools to get together on a competitive basis to determine the proficiency of students in the area in the contest," explains Mr. Richard Dis- cippo, business teacher.

Results of the state competition at Columbus were not available at press time.

Twenty-eight Artists Receive Awards in Regional Contest

By HELEN POHLID

Twenty-eight Rhodians were honored at the Regional Scholastic Art Exhibition held in the Halle Brothers Lounge Auditorium on February 20-24. This exhibition is sponsored by *Scholastic Magazine* to encourage creativeness among art students.

Approximately 100 schools participated in this program, submitting a total of 6,000 works and 60 scholarship portfolios. Of this, 750 works were accepted, and 25 portfolios were judged worthy of New York jury.

RHODES RECEIVED special recognition for being the school with the greatest number of individuals having work accepted.

"I would like to thank Miss Whalen," states Mr. Anthony Eterovich, head of Art Department, "for preparing transcripts for the scholastic portfolios, and Mr. Stillinger for his fine recommendation for each of the entrants."

INDIVIDUAL HONORS were awarded to Elizabeth Werle, 11A, who received four places, two keys, and

two New York entries. Virginia Maloof was honored with two places, three keys, and one New York entry.

Winning two places and one New York entry is Eileen Tuma. Don Wenz, 11A, Linda Romak, 12B, and Mary Charvat, 10A, all had New York entries. Both Sharon Sevac, 12A, and Brian Pierce, 11A, won four places and two key awards.

ALSO RECOGNIZED were Janet Biehl, Eileen Clancy, Joe Gallena, Sharon Iley, Dave Jakubec, Joe Kozak, Sharon Kulik, Jocelyn Lowe, Jan Lutz, Linda Mathews, Kathy Metzger, Charles Mossburger, Pat Novak, Kathy Papp, Ellen Seward, Jan Struhar, Frank Trepka, Steve Tvorik, Sue Burba, and Charlene O'Malley.

Who's Who Go to Lunch

By HARVEY KOTTKE

Eight Rhodians were honored at a Cleveland Rotary Club luncheon recently for being selected "Who's Who" in the Cleveland Public Schools.

The students were Joyce Duffala, Kathy Guley, Jim Keefer, Larry Klich, Jocelyn Lowe, Jan McKimmie, Elaine Schreckengost, and Diane Shinko.

Pupils who have shown academic excellence, good citizenship, and participation in extracurricular activities are recommended by the principals and assistant principals of their high schools.

"Because of the limited supply," adds Mr. Bendall, "anyone wishing to purchase a copy should see me at an early date."

NOT MANY DAYS later, musicians will compete in a Solo and Ensemble contest at Thomas Jefferson Junior High School. Competition will be on April 7 and 8.

Participants will be rated on a one to four basis with a one being an excellent rating. Those showing superior musical talent will receive a certificate of recognition.

Patterning Stimulates Progress

Rhodians Teach Graduate to 'Live'

By Laurie Zielinski

Two weeks after passing a Navy draft physical, Michael Mehalic, Jr. boarded a bus coming home from downtown Cleveland. Minutes later he collapsed.

It was learned he had suffered brain damage from a blood clot. For over a year and a half Michael has been unable to walk or talk.

A 1963 RHODES graduate, Michael played freshman football but was forced to quit as a result of a concussion. Now at the age of 21, he goes through a series of paterings four times a day.

Michael's parents learned of this patering at the Institute for the development of Human Potential in Philadelphia, where it was discovered that Michael

could understand what happens around him and can be helped by the patering.

PATERING IS a series of exercises to help him regain some brain function and body control. One hundred fifty volunteers are needed, five people for each patering session.

The volunteers move his legs, arms, and head in a crawling motion, because Michael has to learn again from the beginning, as a child does. This crawling exercise consists of five minutes of patering.

Not only are neighbors helping, but many Kroger truck drivers have volunteered, and several Rhodians pater at various times. A group, totally composed of Rhodes students, works at the first session on Thursday nights.

Any prospective volunteer may call Mrs. Ollie Ewell 351-4933, or Mrs. Neva Aukerman, 661-5951 for information.

Mehalic

SCRUTINIZING a piece of art work are Sue Gurba, 12A, Brian Pierce, 11A, Elizabeth Werle, 11A, and Virginia Maloof, 12A, art prize-winners.

FTA, Girls' Leaders to Sponsor Saint Patrick's Dance Tomorrow

By GAYLE NEITHAMER

Come and kiss the Blarney stone at the Saint Patrick's Day dance sponsored by the FTA and Girls' Leaders Club to be held tomorrow night from 8 to 11 p.m. in the Rhodes ballroom.

Originally scheduled for tonight, the date of the dance was changed because of the Arena track meet. Dress will be informal with ties and coats or sweaters for the boys and school clothes for the girls.

DECORATIONS WILL be green because of the St. Patrick's Day theme. Music will be provided by Thee Fyve.

"The dance is being co-sponsored by Future Teachers and Girls' Leaders Clubs," explains Mrs. Mary Seidel, English teacher, "because both groups wanted to hold a dance and neither is strong enough to hold one by itself."

PROFITS FROM the dance will be used for service projects by both groups.

"The Girls' Leaders Club will hold its alumni banquet including a buffet supper this spring," says Mrs. Francis Morris, gym teacher.

The event is held every two years for the nearly 600 former gym lead-

ers. The money from the dance will be used to help pay for the cost of the banquet.

"**FUTURE TEACHERS** of America Club," explains Mrs. Seidel, "will use their profits for the annual faculty tea in April. April has been chosen because it is Teaching Career month."

Members of both organizations are selling tickets for \$1 per person. Tickets may also be purchased at the door.

Touch of Spring

As a subtle reminder to all students that spring is just around the corner, all issues of today's publication of the "Review" have been sprayed with a floral scent symbolizing a touch of spring.

New Business Course Begins Here, Trains Students for Economic World

By JOHN TROJANOWSKI

To prepare the high school student of today for the modern business world of tomorrow is the purpose of the new Intensive Business Course, according to Business Department head Mr. Ellsworth Holden.

Subjects in the course, initiated here in September of 1966, includes Intensive Law, Intensive Office Machines, Intensive Bookkeeping, Intensive Shorthand and Typing, Economics, and Introduction to Data Processing.

MISS LYNETTE Demar, Mr. Holden, Mr. Harry Seitz, and Mr. John White are the teachers of the course.

"This course," comments Mr. Seitz, "is the best thing that the Board of Education has come up with in a long time. It gives the student more

time in a specialized field."

American History, Business English, Intensive Office Machines and four periods of Data Processing would make up a typical day for a student in the Intensive Business Course. Lunch and gym would also be included in his schedule.

SENIOR STANDING, good health, an average or better academic record and an excellent attendance record are among the requirements for enrollment in the course. A student may not be absent for more than eight days.

Also included in the requirements are a discernible interest in a business career and excellent personal habits, according to Mr. Holden.

Ram Flashes

Arena Track Meet

The annual Arena City Indoor Track Meet will be held today. Preliminaries will begin at 1:15 and finals at 7:00.

Report Cards

The grading period ends today and report cards will be issued on Tuesday, March 21.

Spring Vacation

School will close for Spring Vacation at 3:30 next Thursday and will re-open Monday, April 3.

Keep Up Support!

The co-operation and support for the basketball team displayed by the student body in the closing weeks of the season were outstanding. The rallies, signs, ticket drives, migration buses, and organized cheering sections may not have won the last two season contests and the sectional trophy, but they must have helped.

After a season of fourteen straight losses it took more than luck to transport the team to district competition.

It just goes to show that any group of athletes, in any situation, at any time, will respond to the fervent backing of their peers. Rhodes certainly proved this with the team's response to student action in the past month.

But why must this support end with a minor defeat at Elyria? Why must it end on the basketball court at all? Our undefeated track team deserves as much support as was given the basketball team.

So, to those who make it work, how about a rally for the track team? Why not a campaign to fill those side benches at underground meets and pack those vacant stands at outside contests?

"Let's go Rhodes High! We want some action!"

Lost: Members!

Participation in many of the clubs at Rhodes has reached a low ebb. Disregarding the few strong, active groups in the school, club attendance and activity is becoming crucially low.

The pattern is a familiar one. At the beginning of the year, most of the clubs are swamped with enthusiastic joiners. After the first few meetings, however, these "members" disappear, leaving a small, unworkable group.

One of the complaints often heard from students is, "We never do anything." It is obvious that if there were better attendance and more interest, this statement would not be justified.

The fact that a club member gets his picture in the yearbook seems to be the main reason why many students join a group in the first place.

Only members who attend and take an active interest in the meetings can contribute to the success of an extra-curricular organization.

Editor's Mail Call - - -

Dear Editor:
I would like to know why there are no more five-point shop classes such as wood or metal. These serve as a break from the usual routine of school.

Phil Burgio, 12A

Dear Phil:
This change came about as a result of a ruling we received from the Board of Education Department of Industrial Arts. To initiate new five-point courses in Industrial Arts requires Board of Education approval. We hope we may be able to undertake some new course offerings in the future.

Mr. Herman Hann, guidance counselor

Dear Editor:
What is the purpose of a Girls Gym Awards assembly in an academic institution? It seems less time-consuming and of equal incentive to present awards in gym classes.

Joyce Duffala, 12A

Dear Joyce:
This academic institution exists for the education of all—only the ignorant think that

Spotlight on the Faculty

Miss Hrinda Enjoys Music, Plays Guitar

By CAROL GAGE

Two young ladies appeared in the main office one day before school opened in September, were mistaken for teenagers, and were promptly told they would have to return on student registration day. One of the seeming "teeny boppers" happened to be Miss Darlene Hrinda and the other Miss Lynnette Demar.

Miss Hrinda

Miss Hrinda, business education teacher, graduated from high school in Girard, Pennsylvania and obtained her B.S. degree at Penn State. She completed her student teaching at Bethel Park, Pittsburgh. The desire

to be far enough away from home to be independent yet close enough to visit on vacations, and the fine Cleveland educational system attracted Miss Hrinda to Cleveland two years ago.

"All students should take as many business courses as possible to have a more complete education," she states.

One of her goals in life is to have all her shorthand girls attain their 140 words-per-minute Shorthand Expert Award.

Miss Hrinda intends to work on her Masters Degree in California this summer. She and Miss Demar will pursue different subjects throughout the summer and return to Rhodes again in September.

Water skiing at Presque Isle, Erie Pennsylvania takes up much of Miss Hrinda's time. Aside from skiing, Miss Hrinda enjoys bowling. In fact, she recently bowled 190 in the teachers' league. She also enjoys music, popular and show tunes.

Faculty members reveal Miss Hrinda has been diligently practicing her guitar. She thought she was playing poorly for a time until she discovered, to her chagrin, that her guitar was out of tune.

"The cheerleaders have done a fine job this season to raise school spirit. They brought the spirit at Rhodes up to where it should be," comments Miss Hrinda, who is also cheerleader advisor.

NANCY LIPOWSKI

Shamrocks, Shindigs Sparkle, Wearing Green Is 'In' Today

By CAROL WEIDEMAN

Observations today of approximately the 500th anniversary of St. Patrick's death will take many forms. Most of the customs, from shamrocks to shindigs, have their origins in the life and legend of the patron saint of Ireland.

Wearers of green today, Irish or not, display the national color of Ireland. This practice is also symbolic of the shamrock.

Sporting a shamrock on St. Patrick's Day commemorates the occasion on which the missionary first taught the Irish pagans about the Trinity. By using this three-leaved plant to illustrate the Three-in-One, it is said, he converted many to Christianity.

Legend has it that St. Patrick taught the Irish how to distill whiskey. This prompted the old custom of "drowning the shamrock" on both March 17 and the day after. The Irish call March 18 Sheelah's Day, named for St. Patrick's mother.

Traditionally, the holiday brings fair weather. The Irish say it is time to plant the garden with the arrival of March 17.

St. Patrick's Day has been celebrated in America since colonial times. The Friendly Sons of St. Patrick established chapters in Philadelphia and New York in the eighteenth century.

The holiday has been observed nationally since 1845. The traditional St. Patrick's Day parade in New York City is a world-renowned celebration.

Hysterical History

- Shakespeare: "Who took my 'Cliff's Notes' on Hamlet?"
- Eli Whitney's wife to Eli: "Does it really make gin?"
- Charles Darwin: "Well, I'll be a monkey's uncle!"
- Joan of Arc to on-looker: "Put those marshmallows away!"
- Moses to wife: "The doctor told me to keep taking the tablets."
- Wilbur Wright to his mother: "What do you mean I'm grounded?"
- Benjamin Franklin: "That tree ate my kite!"
- Alexander Graham Bell: "What do you mean deposit a dime?"
- William Tell: "Well, couldn't we use a watermelon?"
- King Arthur to court: "What do you mean we don't have a round tablecloth?"
- "Great, Mr. Edison, but how do you blow the light out with that glass over it?"

boys on Tuesday.

LOST AND FOUND . . . on the blackboard in 116, "Some scientists wonder if splitting the atom was such a wise crack" . . . in Nelson Miller's locker, "In the event of atomic attack, all rules against praying in this school are indefinitely suspended" . . . etched on a weary student's notebook, "The formula for success is the same as that for a nervous breakdown."

WEDDING BELLS . . . will ring for Miss Diane Scholl, English teacher, and Mr. Dominic Gallo on April 1.

WORDS OF WHIZDOM . . . Show me a bankrupt Russian and I'll show you someone without a red-cent . . . Show me an arsonist and I'll show you someone with a burning desire . . . Show me a place where two boats are anchored and I'll show you a par-a-dox!

DAFFYNITIONS . . . alarm clock—something to scare the daylight into you . . . cold war—snowball fight . . . baby-sitting—bawl game . . . dry dock—thirsty physician . . . examination—what a teacher gives to refill his supply of unheard-of answers.

The Roving Pollster

Happiness Is SSENIPPAH Spelled Backwards

By CHRIS FIGULI

When turning on the radio or T.V. these days one often hears the advertisement that begins, "Happiness is . . ." Here are some students' and teachers' versions of what happiness is.

Ralph D'Amico, 12B—"Getting the 'Boot' in chemistry."

Tina Bruening, 11A—"SSENIPPAH spelled backwards (try saying it!)."

Mrs. Marguerite Stuart, English—"The realization that only life's 'intangibles' such as hope, faith, kindness, understanding, patience and tolerance are the really worthwhile things."

Pam Delligatti, 12A—"Passing your 140 Gregg shorthand take."

Cliff Dorin, 10B—"Having your own car."

Mr. Steven Tekesky, industrial arts—"Seeing a Rhodes boy cross the finish line at a track meet."

Sharon Miller, 12A—"A peanut butter and jelly sandwich."

David Johnson, 11A—"Watching a greaser wreck his shoes."

Cheryle Tedesco, 12A—"Steve."

Steve Kovach, 12A—"Cheryle."
Jenny Matey, 10A—"Living on a secluded beach with a pet lion, lots of food, a surf board, a boyfriend, and beautiful waves to surf on."

Margie Lorrach, 11B—"Having a long vacation."

Robert Bemer, 12A—"Finding a half of a worm in your fish sandwich."

Mr. Jack Bonza, math—"The Friday 3:30 p.m. bell!"

Rich Gage, 10A—"Walking into the Regal Shop and buying a pair of penny loafers."

Linda Revecky, 11A—"A three-day weekend."

Betty Bradford, 12A—"A finished year-book."

Dave Elko, 11A—"Having your SCORE jacket signed by at least 10 different girls."

Pat Maruniak, 11A—"When your father lets you use the car."

Karen Bartosik, 10A—"Knowing all the answers."

Mr. Peter Turella, journalism advisor—"The last publication date of the Rhodes Review in June."

Phyllis Hartly, 12A—"Being a 12A!"

Purpose of Girls 'Gym Awards Boys' Gym Lighting Inadequate

education is the acquisition of facts from books. True education is the development of a well-rounded person in mind and body.

This is not an ivory tower, but a public school serving all students. Our excellent intramural program is proof of the fact that the majority of girls enjoy activity and competition and appreciate receiving awards for outstanding participation.

Mrs. Francis Morris,
Physical education teacher
* * *

Dear Editor:
I would like to complain about the lighting of the boys' gym. I think we could use a few more lights so it looks like it's daytime.

Al DiGregorio, 11A

Dear Al:
There are no plans at present for improving the gym's lighting. To install additional fixtures would require a new switch cabinet with additional circuits, and new cables from the main power room. Presently we are using 500-watt lamps, the largest allowed on the existing circuits.

Mr. Marion Hickle, custodian

Dream Heads to Sky

Greenn, Now Banks, Stalls in Cherokee

By LOIS LEHMAN

From the hangars to the heavens advanced Rich Greenn, 12B, in his journey toward a commercial pilot's job. GREENN, at the age of eight, began by cleaning hangars at Brooklyn Airport and later by gassing the planes and helping with their maintenance in return for an average of four hours a week in the air.

"When we were taxiing down the runway for my first ride," recalls Greenn, "the pilot asked me if it was my first time up. I replied, 'Yes it is.' He said, 'Good, it's my first time too.'" To Greenn's relief, the pilot was only kidding — at least he has been thinking so until today.

FOUR YEARS later, while working at a drive-in, Greenn met a man who offered to give him weekly lessons this past summer at Strongsville Airport in a Piper Cherokee.

"During the summer, I found that flying was not as easy as I thought it was," reveals this avid flying student. "My first lesson must have looked as if my plane was on a roller coaster to someone on the ground."

Greenn soon smoothed out the bumps and started to learn level flying, banks, turns, and stalls.

"I FIND it hard to keep a sense of direction in the air," states Greenn. "Once my flight instructor asked me if I knew where we were, and I replied that I definitely did not. When I looked down, I found I was directly over the airport."

Greenn has experienced two near-accidents. One was when they were taxiing down the runway, hit a rut, and broke off the tail wheel. The other accident occurred when his plane and another were making the final approach to the same runway.

"Another activity which I enjoy is playing the French horn bugle in the Caballeros Drum and Bugle Corps," says Greenn. "I also play the trumpet and admire Stan Getz and Doc Severson for their jazz playing ability."

In addition, he enjoys golf, traveling, and eating a good lobster dinner.

"AFTER HIGH school, my plans are to go into the Cleveland State College, and then into the Air Force for flight training. I hope to get my pilot's cer-

tificate then, because lessons ordinarily cost about \$22 an hour. Then I hope to become a commercial pilot."

Why? "It's just a great job," he exclaims, "and the pay's great, too."

HIS MIND IN the clouds, Rich Greenn, 12B, daydreams about becoming a member of the "jet set."

Ohio University Televises Classes, Aids Student Teachers' Education

By KATHY O'CONNELL

Ohio University has chosen Rhodes as a pilot school in a new program for the training of teachers.

Video tapes were made of Mr. Everett's A.T. Geometry class, Miss Doherty's A.T. English class and Miss Nassif's A.T. Honors World History II class.

THESE FILMS will be used to illustrate teaching methods, use of dis-

cussion, visual aids and to demonstrate over-all teaching procedure.

"Ohio University provides teachers with an opportunity to see classroom teaching," state Dr. Monroe Johnson, Assistant Professor of Secondary Education.

The program consists of twelve half-hour films of Cleveland and Parma public school classes. Ten films have already been completed. These films will be taken to Ohio University and replayed as the professor sees fit.

"The co-operation has been excellent," exclaimed Dr. Johnson. The project is a joint effort between the public school, the campus television station and the Secondary Education Department.

"DURING RECENT years, Rhodes in general and supervising teachers in particular have had a very fine relationship with Ohio University, Dr. Johnson and the other professors from the University," states Principal Mr. J. J. Stillinger. "We are pleased to co-operate in this interesting experiment in training for teaching."

THE PROJECT is still in the pilot stage but Dr. Johnson and other heads of the Secondary Education Department feel it is progressing extremely well. Viewing the procedures of accomplished teachers will serve as a basis for learning ideal qualities in teaching.

Five Rhodians Gain Top Ratings

Cleveland public junior high and high school students received ratings of their singing ability at the Annual Vocal Solo and Duet Contest, hosted by Rhodes on March 11.

Of 21 Rhodes entries, five one's were received. Soprano Cleo Persanyi, 10A; mezzo-soprano Holly Lindon, 12B; altos Joyce Duffala and Lois English, 12A's, and tenor Kurt Sauer, 12B, were given the highest rating.

Five different voice classifications were open in each grade level. They were soprano, mezzo-soprano, alto, tenor, and bass. Students were rated from one, the highest, to four, the lowest.

"I think each participant gained some valuable experience from this contest, no matter what ratings they received," states Mr. Van Nortwick, vocal music teacher.

Concert Features Harp Selection

"La Scala di Serra" was one selection played by the Cleveland Orchestra in a double assembly here last Friday. The other two were "Shubert's Fifth Symphony" and a Ravel selection which featured a harp solo.

Overheard comments made by students after the concert ranged from "It was great" to "It was different."

This 40-member chamber group under Louis Lane, assistant conductor, has performed only once before at a high school, that school being South High.

CLUB CAPERS

By SUE CORBIN

Girls' Leaders Club and FTA are co-sponsoring the St. Patrick's Day dance to be held tomorrow.

Leaders' initiation for new leaders will be Wednesday. During Easter vacation, the girls will go on an excursion to the Cleveland Zoo.

Math Club has elected its new officers for this semester. They are: Linda Demaline, 12A, president; Darryl Reiman, 12A, vice-president; Jeanette Sroka, 12B, secretary; Larry Boyd, 12A, treasurer; and Cheryl Mysiewicz, 12B, social chairman.

FHA had a bowling party on March 6.

Y-Teens '68 had a bake sale on March 8.

Foreign Affairs Club members will be attending a preliminary meeting of the Model United Nations tomorrow. A speaker from India was sponsored by the club to give a talk on the political background and general information of India to students.

Rhodes Adult Boosters gave a banquet for the basketball players on March 11.

- GLC to Visit Zoo
- German Club Toboggans
- Cheerleaders' Tryouts

FNA new members donned their nurses caps and helpful attitudes for the initiation on March 1.

French Club had their informal initiation and formal induction ceremonies at Estabrook Recreation Center on March 4.

German Club went tobogganning Monday.

Cheerleaders will soon be having their tryouts. All girls interested are encouraged to try out.

Ram Rod

By KATHY O'CONNELL

The Cleveland Corvette Sports Car Club now boasts of a NASCAR national drag holder in the organization.

THE SPEED demon is Ron Stahey of Brook Park. He posted a 12.89 seconds elapsed time while hitting 108.53 miles per hour for the quarter-mile dash. Stahey powers a 327-cubic inch Corvette which is a street-driven stock model prepared by Mickey Hart

of Hart Automotive. His chief objective is a class championship at the Bristol (Tenn.) Springnationals in June.

The Cuyahoga Carriage Club sponsored its annual Beginner's Rally on February 21. Its turnout was so great the club has decided to sponsor another. The Stage II Rally is scheduled for Sunday.

THE RALLIES are set up on a time-speed-distance test. The routes are through Medina and Southwest Cuyahoga Counties.

The Stage I Rally was a one-speed affair and a forthcoming one will call for a different speed each leg.

SPEEDING or any other traffic violation could result in disqualification.

The Stage II Rally will be an opportunity for all those who competed before as well as any others interested.

Forums on rallying are held during the summer. Experts answer questions on navigation problems, speed traps, and the varying routes.

HEALTH CAREERS CORNER

HEALTH CAREERS DAY SATURDAY, APRIL 22 NO... YOUR DAY TO EXPLORE THE WORLD OF HEALTH CAREERS! SIGN UP NOW!

Name a career that you can really sink your teeth into. Here's food-for-thought: Become a hospital dietitian.

O.K., feed me some details about the duties. You're in charge of providing healthy, nourishing food for patients and employees. With a background in nutrition and management, you plan menus, buy food and supervise the people who prepare and serve meals.

You're whetting my appetite. Tell me more. We just described the administrative dietitian's job. If you become a therapeutic dietitian, you plan menus for patients with special food needs and sometimes teach them new eating habits.

What's the recipe for becoming a hospital dietitian? Start with four years of college, flavored heavily with courses in foods and nutrition. Add a swinging social life. Top off with a one-year internship at a hospital. (This is a no-tuition program. In fact, the hospital pays you an allowance.)

Are there any "short courses" into, dietetics? Yes, dietetics is a Food Service Supervisor. She helps the dietitian supervise food preparation and kitchen operation. A one-year post-high school course at Jane Addams Vocational High School prepares you for this culinary career.

Keep serving up the information. See your guidance counselor to find out more about what's cooking in dietetics. And my pantry is overflowing with brochures about this career. Call me at 781-2944, extension 370, and I'll send you one.

See you soon, Mary Kay

Tracksters to Meet Competition at Arena Tonight

SOME OF the boys participating in the Rhodes weight training program are Paul Georgeadis, 10A, lifting the weight; and Chip Konesni, 10A, doing a bench press; as Jim Jurczyk, 12B, Paul Schweikert and Norm Lange, 10A's look on.

New Weight Training Program Begins, Purpose Is to Gain Strength, Weight

By JEFF FORTE

Is your form filled out? After a long winter of sitting around some boys are eager to "fill out their tee shirts" by lifting weights.

To accommodate these boys, a weight training program has been instituted at Rhodes. The program, devised by Dr. Richard Kruse M.D., is designed to give strength to the upper half of the body; abdomen, shoulders, neck, arms and chest. Dr. Kruse is director

of the physical fitness program at Cuyahoga Community College.

SPONSORED BY football Coaches Jim Templin, Mark Laderer, and Dave Mitchell, the program consists of numerous activities including weight lifting, isometrics, running, sit ups, rope climbing, and agility drills.

These activities, among others, make up a system of nine stations, each featuring one or more activities. When a boy finishes working out at one station, he rotates to the next station.

"The purpose of the program is for all participants to develop strength and gain weight," says Coach Templin. "This results in more personal confidence for the boy and reflects personal achievement. For the athlete, the program helps him become more skillful in his field."

THE WEIGHT training program, with between 50 and 60 boys enrolled, will continue until June. The boys enrolled come every day of the week to the boys' gym after school, except Tuesday. Every Friday each boy plots his progress by marking a card measuring his improvement in certain exercises from week to week.

Boys who wish to continue in weight training during the summer may do so by working out at home and mailing in their progress reports from week to week.

Coach Templin encourages all boys to join and participate in the program being offered.

Gym Shorts

By KAREN ZOLLER

Spectators at the annual Senior-Faculty volleyball game, March 8, saw the seniors beat the faculty in three straight games. The "Get Me's" defeated the women faculty in the first of the series, 29-18. The senior boys were able to triple the men faculty's score in their 24-8 victory. In the final effort, the seniors came from behind to win a close one, 11-9.

"The faculty outplayed the seniors, but the scorekeepers were crooked!" joked one disheartened faculty member after the close of the final game.

Girls' basketball and bowling intramurals have begun. Due to the number of teams signed up for basketball intramurals, the girls' gym is occupied three nights a week in addition to two mornings. The teams this year, totaling 24, are playing full court rather than half court games. In Monday night bowling intramurals, 18 teams are in competition for top honors. Presently leading the league with eight straight wins are the Shanmars.

Co-educational gym is a reality for two senior classes this semester. One day a week, the classes combine for volleyball. On the other days, in the girls' class, Miss Maryann Stroemple, student teacher, teaches folk dancing.

Lettermen Highlight Banquet, Trophies Honor Top Athletes

By HARRY MARANTIDES

Letters, trophies, and speeches highlighted the Wrestling-Basketball Banquet held in the Rhodes cafeteria last Saturday at 6 p.m.

Tom Bindernagel, 120, took most of the wrestling laurels as he received four trophies. His awards consisted of the Highest Scorer, the Most Valuable Player, Most Valuable Senior, and he received an award for being sectional champion.

BILL ALFORD, 165, shared the trophy with Bindernagel as the team's leading scorer. He also received trophies for receiving three letters and for being sectional champ. The Most

Rams Compete Against St. Ignatius, Marshall

By AL STAS

Competing in the annual Arena City Indoor Track Meet today will be the Ram cindermen, undefeated in indoor track competition. The preliminaries start at 1:15 p.m. with finals at 7 p.m.

"It will be a battle down to the wire among Rhodes, St. Ignatius, and John Marshall," states track coach Jim Zickles.

THE CINDERMEN easily outclassed their Lincoln opponents February 23 and on March 3 downed John Adams by a score of 57 to 35.

Highlights of the Subway Meet held here last Friday include senior Detlef Reschke's record breaking time of 50.3 in the 440-yard dash; Jerry Jermann took first in the two-mile run with a time of 10:21.8 while Mike Gruntkowski finished second with a 10:26.6. Captain Jim Blocksidge took second in the mile run with a time of 4:33.7.

THE SOPHOMORE relay team was .2 of a second off the school record. Jerry Wilson overtook the leader St. Ignatius in the third leg of the two mile relay team. Other members of the team are Brian Counter, Greg Bunch and Dick Strubbe.

The thin clads will end their indoor season against Mansfield this Wednesday in the underground track.

1967 Indoor, Outdoor Track Schedule

March 17 — Arena Indoor Meet, Prelims: 1:15, Finals: 7:00.
 March 23 — Mansfield at Rhodes, 4:00.
Outdoor
 April 7 — Rhodes at John Adams, 4:00.
 April 13 — Parma at Rhodes, 4:00.

 April 15 — Mansfield Relays at Mansfield, 1:30.
 April 18 — John Marshall at Rhodes, 4:00.
 April 22 — Sandusky Relays, Prelims: 10:00, Finals: 1:30.
 April 25 — Padua at Rhodes, 4:00.
 April 28 — West Tech Relays, Prelims: 5:30, Finals: 7:30.

Ram Quintet Concludes 5-15 Season, Stopped by Elyria in District Tourney

By JEFF FORTE

"All's well that ends well." This oft quoted phrase applies to the surprising performance of the 1966-'67 Rhodes basketball team.

After 14 straight losses, the Rams came from the depths of defeat to the halls of victory to capture the sectional tourney championship at Baldwin-Wallace. By defeating Olmsted Falls, February 17; West Tech, February 22; and Brooklyn, February 24,

the Rams won their second sectional title in four years.

HEAD COACH Mr. Andy Moran attributes the local five's remarkable finish to their maturity as a team plus the loyal support of Rhodes students.

"In my years of coaching," states Coach Moran, "I have never seen such great support given to a team with 14 straight losses until this year."

IN THE contest with Brooklyn, Rhodes knocked the wind out of the Hurricanes, 41-35. Guard John Neale led the Ram scoring attack by tallying a total of 17 points. Neale also grabbed nine rebounds to lead in rebounding.

THE RAMS' five game winning streak was brought to a halt as Elyria eliminated the Rhodes five from further district tournament competition in a 47-31 contest. It looked rather dim for the Ram quintet at half-time with the score, Elyria 24, Rhodes 7. The Rams rallied for a comeback in the second half of play by outscoring the Pioneers, 24-23, but the comeback was not enough to overcome the 17 point deficit of the first half.

TOP SCORER and lead rebounder for the Rams this season is forward Jim Kopania. Team captain Kopania averaged 13.6 points and 8 rebounds per game.

With only one graduating letterman, the team has a seemingly promising future for next season.

Ramblin'

For the second time in four years, the Rhodes Rams have reached the district tournaments, only to be put down by Elyria. The only two greater Cleveland teams to reach district competition were the East Senate champs and the West Senate cellar dwellers.

Seniors Larry Hartman and Larry Griffin appear to be the best rope skippers in the senior gym classes this year. Both consistently lead the classes during the Thursday rope tests.

Are You Ambitious?

The publishers of the Christian Life Series Sunday School literature are located right here in Cleveland, Ohio, at Broadview and Brookpark Roads.

We have a variety of positions in all phases of publishing open for bright young graduates in this area. If you're willing to work, and if you're willing to think . . . apply at our office between

7:45 A.M. and 4:30 P.M. Monday through Friday.
