360 to Receive Diplomas Thurs. at Commencement

BY PAT BOHNER

Receiving diplomas will be 360 Rhodians at Lakewood Civic Auditorium next Thursday at 8 p.m.

According to Mr. J. J. Stillinger, principal, commencement ceremonies will involve around "Social

Responsibilities" with guest speaker Mr. Michael A. Sweeney, an attorney and graduate of Rhodes in 1939.

Mr. Sweeney, a local citizen, attended Our Lady of Good Counsel, Rhodes, Penn State University, John Carroll University, and Cleveland Marshall Law School. He was a representative of Ohio in the State Legislature from 1954 to 1966. In 1968, he ran for Congress in the twentieth district, but lost in a close race.

Student speakers who will talk about topics related to Mr. Sweeney's will be Susan Skibo, Douglas Hornyak, and Norman Lange. Ron Amrich will act as moderator.

Pronouncing the invocation will be Rev. Carl W. Keefer, a minister from Brooklyn United Presbyterian Church.

The Senior Choir will sing "Let All the World In Every Corner Sing," "Choose Something Like a Star," and

"Dark Eyes," directed by Mr. Gilbert Van Nortwick.

The Rhodes Orchestra, under the direction of Mr. Michael Zand, will accompany the senior choir in performing the "Battle Hymn of the Republic" with Mike Mayo as soloist. Cleo Persanyi will do a solo entitled "Who Will Buy This Wonderful Morning?"

Stan Pollock and Terry Neithamer will do solos with the violin and trumpet respectively.

Representing the Cleveland Board of Education and presenting the diplomas will be Mrs. Edna Sholala, who is one of the newest Board members.

"The valedictorians of this senior class," states Mr. Stillinger "are Charles Rudar and Norman Lange. It was so terribly close, there was almost a three way tie."

Jim Livingston, President of the 12A Class will welcome the parents and guests. The Pledge of Allegiance will be led by senior class vice president, Mike Mayo.

Commencement ceremonies will end with the singing of "Rhodes Alma Mater."

New SC President Tells Future Plans

BY SUE ROCHFORD

Already making plans for next semester's social activities is 11A Bob Sayre, new Student Council president. Sayre believes Student Council could become a better organization if it had more activities.

"My biggest goal is to keep Student Council going, well as it has been for the past three years," states Sayre.

The main project they will be working on will be trying to get a foreign exchange student to come to Rhodes. Other activities include working on the booster button, having more dances, and another fair.

"I think this semester's fair was a great success, but there was not enough student participation," says Sayre.

Sayre believes more activities will help students to meet each other and break up cliques.

"I would like to thank everyone who voted for me and especially Rick Canaly and Chris Pytel who acted as my campaign managers," said Sayre, referring to his victory in the election.

Other new officers include Jill Reiman, vice-president, Pam Rice, secretary, and Fran Teuffel, treasurer.

The treasury now contains \$700.

Bulletin

The AFS Chapter at Rhodes is holding a fund raising campaign this week, June 1 through 6. Donations will still be accepted today 4th, 5th, and 6th periods in the cafeteria by Student Council officers.

NEW STUDENT COUNCIL OFFICERS are as follows: President, Bob Sayre; Vice President, Jill Reiman;

Secretary, Pam Rice; and Treasuer, Fran Teuffel.

Summer School Will Be Held Here

BY SUE ARPAJIAN

Junior and senior high school students will be attending summer school at Rhodes this year from June 16 to August 1. Mr. J. J. Stillinger will head summer school this year with the assistance of Mr. Paul McGrath, who is the assisting principal of Addison Jr. High School.

Cost will be \$12.00 per course and \$24.00 per double course. The cost for non-residents will be \$24.00 per course and \$48.00 per double course. Registration will be held at Rhodes on Monday, June 16, between 8:30 and 11:00 a.m. Late registration will be held on Tuesday, June 17, and Wednesday, June 18 from 8:00 to 10:30. An additional fee of \$1.00 will be charged for late registration. Tuition must be paid in full at

time of registration. However, no personal checks will be accepted.

No student can be admitted to summer school without a pupil request card. The first period will last from 8:20 to 10:15, and the second period will be from 10:20 to 12:15.

Honors Awarded To 12A's Today

Graduating seniors received their final honors at the Awards Assembly this morning.

Medals for excellence in subject fields were presented by Mr. Stillinger, principal. School Service Medals were awarded to Miss Marjorie Hine to students serving in honor study halls, on the cafeteria committee and on the public address system.

Scholarships, including Certificates of Award in the National Merit Scholarship were announced by Miss Annabelle Whalen.

Jim Livingstone, 12A class president gave the Class Farewell after Debra Mager, yearbook editor, presented the June 1969 Aires dedication.

The Rhodes Orchestra entertained with the selections, "America the Beautiful" and "Passacaglia."

Prom is Tonight At Pick-Carter

Seniors and their dates will be dancing tonight to the music of Lou Elgart and his orchestra, at the Senior Prom, from 8 to 12 p.m. in the Crystal Room of the Pick Carter Hotel. This year's prom theme is "Moments to Remember" and tickets are six dollars per couple.

The after-prom will take place at the Riviera Country Club from two to six a.m. Music will be provided by the City Squires.

To All 12 A's:

For one short week the crowded halls of Rhodes will be less some 365 people. Once again, the seniors are departing and embarking on another phase of life.

But, for a moment, let's think back on the past three years. Perfect they weren't, yet they have given us some pretty good times.

How could anyone grow up without knowing Theorem 29, how to set up a block letter, build a house, or maybe most important, how to 'get around' school rules?

Included in the high school memories will be class pictures. Cute people with personalities to match are in abundance along with recounts of past experiences. But, its all been part of the fun of the past three years.

Active 12B's

Hats off to the 12B class, which under the leadership of president John Kregenow, has raised \$450 for their class fund.

The fund raising drive began in February after John's election. Two bakesales, a hayride, a papersale, and five car washes netted the \$450 total. The class launched a full-scale paper sale which concluded Monday. Approximately 2500 leaflets were distributed throughout the Old Brooklyn community.

The papers were collected all month with the help of the faculty, PTA, anonymous neighborhood residents and with incalculable assistance from class members.

Plans are already being made for summer activities such as car washes, bake sales and paper sales. It is estimated that the recent paper sale will raise \$180, bringing the class total to \$650 for four months work.

The 12B class has set an example of able leadership, organization, and the co-operation of the entire class. All classes and clubs should use the 12B class as an example to organize their groups. Again special credit must be given to the Class for a job well done.

Wow, Boys!

Good luck and congratulations to the new Rhodes varsity and junior varsity cheerleaders. Special commendations are extended to all who tried out for cheerleaders, especially to the two courageous boys who attempted a "first" in Rhodes High tradition since 1952. According to Review records, boys have not tried out for cheerleading since that time.

Even though these boys did not qualify for the squad, they did set a precedent. Hopefully, there will be more boys trying out for cheerleaders in future years.

One day, Rhodes may once again have male cheerleaders - Wow, can you imagine that?!

Practicing a group cheer are Allan Resler, 11B, Ed Krekora, 10A, Clark McKee, 11B, John Secock, 10A, and Bill Skordelis, 11B. (See Page 8 for story).

Seniors Recall 'My Most Memorable Experience'

MELANIE CLEMENTS, "When I ran into the girls' locker room before a basketball game to get my tennis shoes and found myself in the middle of the West Tech basketball team - changing clothes!"

HELEN EIMER, "The time Janine's foot was accidentally on purpose put into the toilet."

PEGGY WOOD, "All the times I cried at the choir concerts."

CHUCK FALCONE, "When I was holding the Ram, and it went on my foot."

MARIE TIMKO, "The time the sophomores put me in a potato chip box and shoved me out in the hall during fifth period."

PAT POST, "Three years of the inability of the Rhodes population to accept ideas that are foreign."

JIM ROSSI, "The House of Pain with the crazy man."

CHRISTINE MUNIAK, "Marching at Bay High with mosquitos all around and getting them in our mouths when we sang."

Students and Faculty

Freedom

The individual who persecutes a man, his brother, because he is not of the same opinion, is a monster.

(Voltaire)

Freedom of opinion is important for many reasons, especially because it is a necessary condition of all progress, intellectual moral, political and social. Where it does not exist, the status quo becomes stereotyped, and all originality even the most necessary, is discouraged.

(Bertrand Russell)

Power is not sufficient evidence of truth.

(Samuel Johnson)

Man may renounce much. But he must think, and he has a deep need to express his thoughts. It is profoundly sickening to be compelled to remain silent when there is need for expression. It is tyranny at its worst to compel men not to think as they do, to compel men to express thoughts that are not their own. The limitation of freedom of thought is not only an attack on specific political and social rights, but an attack on the human as such.

(Milovan Djilas)

He who moves not forward goes backward.

(Johann Wolfgang von Goethe)

The oppression of any people for opinion's sake has rarely had any other effect than to fix those opinions deeper, and render them more important.

(Hosea Ballou)

PAT ZOLAK, "When I walked into the Boys' john in 10B. The cleaning lady said, "If there's no boys in here, go ahead!"

MIKE MEYER, "Running into a pole on the underground track."

MIKE MAYO, "When I wrote an article in the Review and no one talked to me for two weeks."

DEBBIE MILLER, "The time I was walking down the hall with Jeff and Mr. Henderson, and Mr. Henderson walked into an open door."

CRYSTAL WILCOX, "Mr. Hoffman's groovy language."

HARRY MARANTIDES, "Attempting to transfer the Rhodes Review from a radical right-wing paper to a leftist SDS periodical."

NANCY PISARIK, "At a computer dance, I said to Mr. Hudak, "Hi, swinger, what's your number?"

BONNIE HANNAN, "When I was smoking in the john and Miss Hine walked in!"

MONICA MELUCH, "Slipping on an

oatmeal cookie in fifth period lunch and receiving a standing ovation."

KENT NEWMAN, "Breaking the two mile record with the whole team cheering me on."

SUE ARPAJIAN, "Pam's batch of Ex-Lax brownies!"

DON SPARKS, "The time Mrs. Covert slapped Mike Mayo in the mouth, when she misunderstood something he had asked her."

DEBBIE SHUMAKER, "Going into the girl's locker room with Ruth and finding Norm Lange all tied up, laying on the floor."

NANCY KOVACS, "The time the girls' locker room was filled with water up to the first step and we ended up cleaning the mess."

PAM GRUETT, "Being in N.H.S.!"

Drugs Discussed

Policemen Visit Health Classes

BY DOUG BERG

Sgt. Forrey and Patrolman Husa visited the boys' Health class, Tuesday May 27, the first and fifth periods to discuss drugs among teens. A film was shown giving examples of drug addictions among teen-agers.

"The problem of teen-age drug addicts is constantly getting worse," says Sgt. Forrey.

Marijuana, even though said to be harmless, has been responsible in causing minor brain damage and lung and kidney damage. Heroin, stronger than marijuana, was banned in the U.S. even for medical purposes in 1925. An addict has a two per cent chance of being cured.

"Most drug addicts do not live much past the age of 40," says Sgt. Forrey, "and 90% of all drug addicts get their start from marijuana."

In dealing with drug addicts and peddlers, the Narcotics Bureau offers these things:

IOA Election Results Announced

Results of the IOA class elections are as follows: President is Jack Reiman, Vice-President is Marcia Konopinski, Secretary is Joyce Novak, and Treasurer is Ruth Bass.

The elections were held on Wednesday, May 22 with students voting from 8:00 to 3:30. These newly elected officers' first real job is to submit the students' names of possible class advisors to Miss Marjorie Hine.

Alumni Pianist

Bacik Makes Music Her 'Thing'

BY BARB TROJANOWSKI

After graduating from Rhodes in 1958, Barbara Bacik decided that music was her 'thing'. She pursued her study of the piano for many years in many different places.

From graduation until 1962 Barbara attended Eastman School of Music in New York, where she received her Bachelor of Music degree in piano. She then traveled to Kansas University for two years where she was a pupil of John Perry, a very famous pianist. Oberlin College was her next stop for two more years where she

obtained her Masters degree for piano.

Then came the big move. Barbara traveled to Europe to further her study of the piano. Most of her time there was spent in Austria. She began her studies at the Mozarteum in Salzburg.

"It was an artistically stimulating environment," states Barbara, speaking of her life in Austria. The one thing which did disturb her there was American tourists.

"I was ashamed of the American tourists there," she said. The Austrians, Barbara said, have a bad opinion of

whereabouts of this person and if possible give his name to school and city authorities.

Sgt. Forrey pointed out, reporting the whereabouts of the pusher only requires dialing of the Narcotics Bureau, and the caller does not have to give his name. The hope of the Bureau is to stop all drug traffic and not to persecute the drug addicts.

GEMINI (May 22 - June 21) Life will treat the seniors badly this week, but don't give up, this is the last day of school.

CANCER (June 22 - July 22) Seniors under this sign use your full resources. Today is one of the longest days of your life.

LEO (July 23 - August 22) After graduation, seniors will have a rude awakening. The fact being that they have to find a summer job.

VIRGO (August 23 - September 22) Seniors might experience a strange ringing sensation in their ears today. It's not happiness. It's a false fire drill.

LIBRA (September 23 - October 22) - Happy days are here again for all you seniors. You will leave school today and find out you have a 3.9 average so you don't have to go to summer school.

SCORPIO (October 23 - November 21) Lucky seniors besides being your last day, you

also found 43 cents in the bottom of your locker.

SAGITTARIUS (November 23 - December 22) When you leave school today you will "trip" on the grass, and fall into a rabbit hole.

CAPRICORN (December 12 - January 20) When you get up tomorrow it might not be you staring at yourself in the looking glass. It might be a big white rabbit.

AQUARIUS (January 21 - February 19) Seniors be careful of the lunch food today. You might find a big surprise in the chile.

PISCES (February 20 - March 20) Senior English teachers. This is your lucky day. You will lose those two wild students who caused all the disturbances.

TAURUS (April 22 - May 21) Romance will find you this week, when you least expect it. (Probably when you have two seconds left to get to your English class.)

Last Will and Testament

'And to Rhodes High We Bequeath'

We the June graduating class of 1969, being of unsound minds and bitterly battered bodies, do hereby declare this our last will and testament.

To the Faculty,
To Miss Hine, an unpleated culotte miniskirt.

To Mr. Massa, a ticket to see "Hair."

To Mr. Zand, four pairs of muddy majorette boots.

To Mr. Hoffman, a bagfull of 'Hoskies.'

To Mrs. Harris, a 40 minute recording of "I'm Going to Wait Till You're Quiet."

To Mr. Bonza, a lifetime supply of Double Bubble.

To Mr. Henderson, the 100 redox equations we had to do in one night and were never collected.

To Mr. Tekesky, a 'two years' supply of sun tan lotion and mosquito repellent.

To Mr. Ehlert, a new pair of thinning shears and an autographed picture of Yul Brenner.

To the Underclassmen;
Hopes of a victorious football team.

A student council campaign speech minus the Student Lounge

The hope of obtaining a ticket to the West Tech-Rhodes Basketball game.

The Chemistry finals that no one could answer anyway.

A nice fuzzy little squirrel to every boy out for cross-country.

A Polka Band for Student Council dances.

A bronze statue of Paul Schweikert in the center hall. Zilch!!!

Calendars Improved, Varied Over Years

BY MARIA MAVROGIANIS

Over the centuries of long ago many calendars were established. Unusual as it may seem, there were fourteen different calendars. They are as follows: Babylonian, Egyptian, French, Solar, Greek Church, Hebrew, Islamic, Lunar, Mohammedan, Japanese, Lunar Solar, Roman, Julian, and Gregorian.

Paper Weights, Dolls, Swords

Popsicle Sticks Have Many Uses

BY AGNES KWITKOVSKI

As summer rolls around again, so too does the familiar ringing of the Popsicle Man. This jolly fellow rides around all day in his little truck, ringing his bell and selling his cold, delicious treats to all the people, youngsters and oldsters alike.

After the popsicle has been eaten, you find you have an added treat. The left-over sticks can be, and are, used in many imaginative ways. Ingenious children have made jewelry boxes, paper weights, and hot plates out of these wooden wonders. They stack the sticks in the pattern they want, then glue them in place. Afterwards they usually decorate their gifts with paint or glue or some small stones or pieces of their mothers broken jewelry. Little girls draw faces on the ends of the sticks, then put scraps of material on them as clothes and use them for dolls. Boys scrape the ends of the sidewalks till the ends are

sharp, then use them as play swords.

Some parents also find uses for left-over popsicle sticks. Mothers use them to mix the contents of small jars. They are also used to clean out garbage disposal units, where the hands will not fit in. Fathers find uses in their workshops, such as using them as putty sticks where there is only a small space. Tools can be hung on the sticks after nails have been added to them.

The uses of popsicle sticks are many. Perhaps you may find more. So remember, the next time you hear the ringing bell on your street, you get more than just a popsicle for your money.

Most important are the Julian and the Gregorian calendars. The Julian calendar was named after Julius Caesar. This calendar was a great improvement from all other calendars previously tried. It had three hundred sixty five and one fourth days.

Although this calendar was working tremendously well, it had one fault. It was longer by eleven minutes than the solar year which was incorrect.

In an effort to correct this situation other people began to observe it.

One person who made an extreme effort was Pope Gregory XIII. His thoughtful decision was to simply omit ten days from the calendar, which is precisely what he did. This calendar was then named Gregorian, which we use today.

In detail, he felt ten days should be omitted from the year 1582, "and every hundredth year should be a common year," as quoted from THE NEW PRACTICAL REFERENCE LIBRARY.

Of all calendars previously used, the Gregorian was the only survivor. However, many countries would not accept it. They chose to believe in the 'old style'.

As the years passed on many countries began to accept the "new style" as their calendar. This change was due to careful research in which they decided their calendars were incorrect.

Rams Capture Fourth in Meet

"Next year we have the makings of a very good team, maybe even better than this year's team," commented head track coach, Jim Zickes.

"We have good sprinters, middle distance, distancer and good pole vaulters returning next year. We do need help in the hurdles, discus, and shot," added Zickes.

Two school records fell this season. Bob Mlazovsky upped his pole vault record by 1½ inches with a vault of 13' 2½". Distance ace Kent Newman chopped 1.2 seconds off the two mile record with a time of

9:48.9 run at Adams on May 20. The record was previously held by Jim Emery.

"Our fourth place finish at the Senate was an excellent finish to the season," stated Zickes.

"The competition in that meet was the best in the state."

The Rams capped their season with a fourth place finish in the Senate meet on May 29. The trackmen were first among the

West Senate teams with a total of 21 points. Scoring for the Rams were Bob Mlazovsky, first in pole vaulting; Don Gallagher, third in the pole vault; Dave Kozyk, first in quarter and

fourth in 220; and Kent Newman, second in the two mile run.

Senior Dave Kozyk was the only representative the Rams had in the state meet. After finishing first in the regional at Mansfield, Dave finished fifth in the state with a time of 49.6.

Pictured taking the baton in a meet in the underground track is graduating senior Dave Kozyk. Among his accomplishments this past track season have been winning the 440 yard dash in the District and Regional meets thus advancing to the State meet. Kozyk, the only Ram at Columbus, placed fifth in the state in the 440.

A Gridiron Warning

BY HARRY MARANTIDES

The upcoming merger of Lincoln and West High Schools means trouble for Rhodes athletics, especially the football team. No longer can the footballers expect their annual victory against Lincoln. It didn't happen last season and the merger with West will intensify the task of Rhodes finding at least one victory a season.

Rhodes' football record since 1964 is an embarrassing 5-31. Something's wrong somewhere. While other area schools have been expanding, Rhodes has not. By standing still, other Senate schools have passed us up.

The basketball team rebounded from a 1-13 Senate record to a BW Sectional Crown in 1966. That winning tradition has stayed here in basketball ever since.

But the football team has failed to rebound, and if they don't, Rhodes High will take the

place once held by Lincoln as the West Senate's cellar-dwellers.

The Chinese didn't assist in producing an extraordinary year (year of the Ram) for us last year, but we shouldn't expect their calendar to aid us to an exceptional year when the Year of the Ram arrives. After all, waiting 99 years for the next one to come is a heck of a long time.

Next year's team must realize that the common foe is the other team, not certain individuals on their own side; that no individual rushing or passing statistic can serve as a substitute for the greatest glory found on the gridiron--WINNING.

And if you don't take team pride seriously, don't even bother taking the field. If you don't feel that you are confident in defeating anyone who takes the field in opposition, your cause for playing is lost. If you don't have that winning attitude, you've lost the game before it's even started.

Batters Up 12A's vs. Faculty

We expect to avenge last years loss to the seniors," stated Mr. John Kresse, boys' athletic director concerning the Senior-Faculty softball game to be held on June 10.

For only 25 cents one can see the aged faculty pitted against the youthful seniors at 3 p.m. on the football field.

HEALTH CAREERS CORNER

TALK ABOUT AUDIOLOGY AND SPEECH PATHOLOGY...

Audiology and speech pathology? Do both mean the same?

They're like the mouthpiece and receiver of a telephone. Speech and hearing are so inter-related that the careers of audiologist and speech pathologist are usually talked about in one breath. Although each is a separate speciality, you could call them both communications therapists.

Say I lisp, which helps me out?

As you might suspect, the speech pathologist would work with you. After studying your problem, he might prescribe some special exercises as part of your therapy.

I've heard that an audiologist can teach a deaf mute to talk.

Most deaf mutes are children who have never heard the sound of a human voice, but a deaf child can learn to form words by seeing his voice and "hearing"

vibrations. With the help of one of the many varieties of audiometer, the audiologist can plan a program that will teach them to talk as normally as possible.

Don't tell me there are machines for instant speech!

There are many new electronics developments to help correct speech disorders, but it's always a long, slow process. Anyone choosing speech-hearing therapy as a career must be gifted with a high degree of patience.

What education would I need?

A master's degree in speech pathology and audiology is a basic qualification to be certified by the American Speech and Hearing Association.

Where can I hear more?

End Season at 2-4

Golfers Place 3rd in Senate Tournament

Jim Cresante and Jim Kyle who carded 83 and 84 for 18 holes in the May 29th Senate Tournament led the Ram Golf team to a third place finish. This tourney finished

off the season as the linksmen finished with a 2-2 Senate and 2-4 overall record.

"It was a good season," remarked Coach Mark Laderer. "We could have done better," he added.

On May 15 at the District Tournament the Ram golf team was forced to withdraw because a member of the team, Larry Weber, pulled a tendon. Coach Laderer feels that if Weber had not been injured the team would have placed 11th or 12th out of 44 teams.

Against Marshall on May 20, the linksmen lost by a 7-2 score. This loss allowed the Lawyers to move past the Rams into second place.

The Rams beat West Tech on May 13 by the score of 5½ to 3½. Dave Swan shot a 38 and Cresante carded a 39 for 9 holes providing the team's best scores.

150 Attend

G. L. C. Reunion

"Coffee Clutch" was the theme of the biennial Girls' Leaders Alumni Reunion held Saturday night, May 24, for the sixteenth year.

This reunion originated in 1938 and included former principals, assistant principals, teachers, and gymleaders. Every two years the present and former leaders get together and discuss "memorable experiences," states Mrs. Frances Morris, Physical Education Instructor.

Sue Skibo, 12A, was the host speaker for the reunion and presented a teen fashion show, including garments made by senior girls in the clothing classes.

A scholarship for a gymnastic career is being taken into consideration by the gymleaders alumni, for a student at the time of graduation. This is to be discussed for the next two years.

Approximately 150 women and girls were present at the reunion.

New Look For Grididders

Besides new uniforms with ram horns on the helmets, Rhodes' football team may have another new look next year.

"Our team will be much faster next year" says Mr. Jim Templin, varsity football head coach. "This will make for a more exciting game."

The speed will be generated mostly by the backs. Mr. Templin indicates that along with Ron Buchwald and Don Gallagher, Paul Martanovic and Frank Zemla can step in at quarterback.

"Ray Ciacci and Rick Kozimore will be at the running

back position but will be fighting Jim Bindernagel, Tom Casper, and perhaps Rich Repuzynski for their jobs" says Mr. Templin. Repuzynski was hurt early in the '68 season and was knocked out for the remainder with a knee injury. Another possibility is J. V. basketball standout Don Friend.

Along with more speed, this team will also have more experienced personnel, especially on defense.

"Ray Ciacci, Gary Granke, Steve Erret, Max Zemla, Tom Hadgis, and Joel Havis will be returning to defensive duty"

states the coach. "I am totally optimistic about this defense which is ever-important in bringing about a winning team."

Also changing next year will be the game plan. The pre-season Rams depended heavily upon the throwing arm of injury and illness-prone Chuck Rudar. This year there will be no big emphasis on one man, so look for an entirely different form of play from the Rams.

"We'll have plenty of coaches, with Mr. Ehlert, Mr. Spacht, Mr. Noss, Mr. Pintner, and Mr. Laderer taking charge of the J.V.'s" says Mr. Templin.

According to Mr. Gaiser, principal of Mooney Jr. High School, the freshman football program will be discontinued.

"One of the stumbling blocks is opponents," said Mr. Gaiser. "Many of the schools will not be supporting freshmen teams next year."

Mr. Gaiser also pointed out that those 35 players tie up all the outdoor facilities at Mooney, and intramurals suffer.

"Money is also an issue" said Mr. Gaiser. "It was necessary that we supply transportation, officials, and special uniforms for under-sized boys."

Season Nears End Soccer Moves To Fall

BY KEN JAWORSKI

In the beginning James Ford Rhodes physical education department offered soccer as an intramural sport, and it was without competition.

However, this soon changed and Rhodes was battling other schools whenever it could schedule a game. In the fall, there may be one more change affecting the club. Mr. Harold Von Ostheim is hopeful that there will be a league consisting of five soccer clubs playing this fall on a planned schedule. The season will include September and October. A new season begins in the spring.

The record of the Rammers was 1-2-1 as of presstime.

Playing against Padua, the Rammers suffered their second loss 3-1. Scoring their first goal of the season was the only highlight for the Rammers that day.

Thirty-two graduating seniors will vacate 45 lettermen positions. From top left they are Joe Becker, BB; Nick DeBow, F; Dave Wagner, F; Bill Syvuk, F-W-B; Jeff Liptak, F; Mike Fait, W; Tom Gava, CC; Jeff Kotlyn, F; Ron Prizner, F; and Norm Lange, F.

From top right are Marty Schuster, CC; Don McGilorey, W; Gerry Molitoris, F; Tim Opatrny, FM; Bob Rote F-W; Jeff Trush, BB; Jim Rossi, W; Ron Dean, BB; Terry Strubbe, CC; John Neale, BB.

In Center top row across Ron Amrich, F; Nate Santamaria, F-W-T; Jim Slatinsky, BB-T; Bill Wischmeier, F-W; Rich Kazmier, T; Doug Hornyak, F-W.

Bottom Kent Newman, T-CC; Jim Henyey, T-CC; Chuck Rudar, F-T; Paul Sweikert - F; Paul Georgiatis - F; John Booher - F.

However, the following day saw John Marshall fall to the Rammers 4-2.

The Marshall team scored early in the game, but late in the second quarter Jurgen Kulgen 12B scored the first of his two goals.

Tennis Debuts Next Semester

BY GEORGE SPIRHANZL

Love is coming to Rhodes in the near future. However, it is not the kind of love you have in mind. This type of love is the tennis term which means a score of zero.

A Tennis Club will open to all interested Rhodes students and

faculty next semester. The present possible starting membership is as high as 140 students with still more openings available.

"Students will learn tennis rules, terms, and form," states Mr. Ronald Hudak, advisor to the club and Rhodes history teacher. Mr. Hudak will be assisted by John Kregonow, 12B class president.

After learning the basic fundamentals, the members will practice and compete among themselves. Competition between schools is only a thought presently, but with support and cooperation tennis may become a major school activity.

Ram Rod

by LINDA CHARNEY

More models - new features - And more power, too. Honda has seven scramblers that don't mind roughing it. With new colors, sharp styling, Honda '69 has technical achievements that anticipate the 21st century for example:

SCRAMBLER 350 (CL-350)

This Honda has constant-velocity twin carbs, for peak performance from valley to mountain top. It boasts a fiery 33 b h p verticle twin power plank, five speed box, extra-long travel in front shocks, built-in electrical starter, independently mounted instrument cluster and directionals.

SCRAMBLER 450 (CL450)

The big one! A 43 b h p DOHC engine takes the 450 through the quarter in 13.5. Speeds move up to 110. Features - a five-speed transmission, independent back, electric starter, style-swept back chrome, teadcoop tank, candy colors.

SCRAMBLER 175 (CL-175)

This is the 175 with five speeds, an OHC inclined twin you can lean on, tuned pipes, unweisal tires and mirrors. It handles 80 m p h easily.

SCRAMBLER 90 (CL-90)

Lightweight on the scale, but not in performance. Dependable four-stroke OHC engine hops easily up to 60 m.p.h. This Honda excels in the dirt.

For the fun of it, test ride any of the models I've mentioned - or, try out one of the 70, 125, or 160 models. Honda is Scrambler Headquarters.

Boys Try Out As Cheerleaders

BY PAT MARRIOTT

For the first time in ten years, six Rhodes boys attended the clinics for cheerleader tryouts and two made it to the tryouts.

Alan Resler, 11B, and Ed Krakora 10A, tried out for cheerleaders when the girls did. Neither of them made it.

"Boys at Rhodes do not cheer," said Alan. "We hoped that we could get the boys to participate."

The boys were required to do the same acrobatics as the girls, except splits. Instead of splits the boys were required to do two of the following: cart wheels, cart flips, round-offs or forward flips.

"I want the six best cheerleaders in this school on the gym floor," said Miss Glaiter, cheerleader advisor. "If boys qualify - fine!"

The boys intended to be "yell-leaders" rather than cheerleaders. They hoped to be stationed at the corners of the stands.
